Dr. McIntyre noted the items 6.C, 6.K. and 6.I. all have to do with refractive or cataract surgery which does not fall under ocular disease. Dr. Wang agreed that they need to be changed to general optometry. Drs. Garcia and Chawla had the same concerns and agreed. Drs. McIntyre and Chawla expressed concern for item 6.H. is missing the presentation material. Staff proceeded to investigate whether the materials have been received and may be provided to the Members during this meeting.

There were no requests for public comment.

Madhu Chawla moved to approve Items 6.A., 6.B., 6.D., 6.E., 6.F., 6.G., 6.J., 6.L., 6.M., 6.N., 6.O., and 6.P. Jeffrey Garcia seconded. The Committee voted unanimously (4-0) and the motion passed.

 1. All Things Cataract and Implants
 2. All Things Refractive
 3. The Surgical Day: Live Cataract and Implant Surgery
 4. The Surgical Day: Live Refractive Surgery Demonstration and Techniques

Dr. McIntyre noted that Item 7.A. is uncategorized and needs to be categorized as ocular disease; Item 7.B. needs to be categorized as ocular disease, not general optometry; Items 7.C.1. and 7.C.2 need to be categorized as general optometry. Dr. Wang agreed.

Dr. McIntyre expressed concern about the presenters requesting 3 hours of CE credit. She would approve 2 hours and believes 3 is not appropriate. Dr. Wang added that these presenters requesting 3 hours are only providing 2 hours of lecture time. They may not have 3 hours of credit for 2 hours of instruction time. She challenged that the providers for these items will need to provide a breakdown on how much time is spent in observation and how much time is spent in teaching and education. Dr. Wang requested that staff ask the provider of Items 7.C.3. and 7.C.4. for this information breakdown. Regarding Items 7.C.1. and 7.C.2., the providers have been repeatedly informed that they may only have 2 hours; yet they repeatedly request 3 hours. Dr. Wang contended that Items 7.C.1., 7.C.2., 7.C.3., and 7.C.4. need to be re-evaluated. Drs. Wang and McIntyre discussed and agreed that Items 7.C.1. and 7.C.2. may be approved for 2 hours but not 3.

Executive Officer, Shara Murphy asked if (from the descriptions in the materials of Items 7.C.3. and 7.C.4.) there is any time that may be approved for CE credit? Dr. Wang explained that her concern is the majority (if not all) of the slides for Items 7.C.3. and 7.C.4. appear to be focused on surgery observation with comments on the side. Therefore, she does not feel comfortable with assigning any CE credit.

There were no requests for public comment.

Madhu Chawla moved to accept Items 7.A. and 7.B. with changing the categorization to ocular disease. Debra McIntyre seconded. The Committee voted unanimously (4-0) and the motion passed.

10. Future Agenda Items

Audio of Discussion: [33:49 / 38:10](#)

This item was briefly discussed while Members waited upon staff to upload the materials for Agenda Item 6.H.

Dr. Wang suggested discussing meeting more often; Ms. Murphy replied that the Committee is currently meeting once a month (approximately every 30 days). The next Committee meeting is set for July. Staff has been addressing the Committee whenever approximately 30 applications and been received and finding a date to more quickly review them.

The meeting moved back to Agenda Item 6 for the review of Item 6.H. which was approved on a 4-0 vote.

11. Adjournment

Meeting adjourned at 10:38 am.
